Automotive

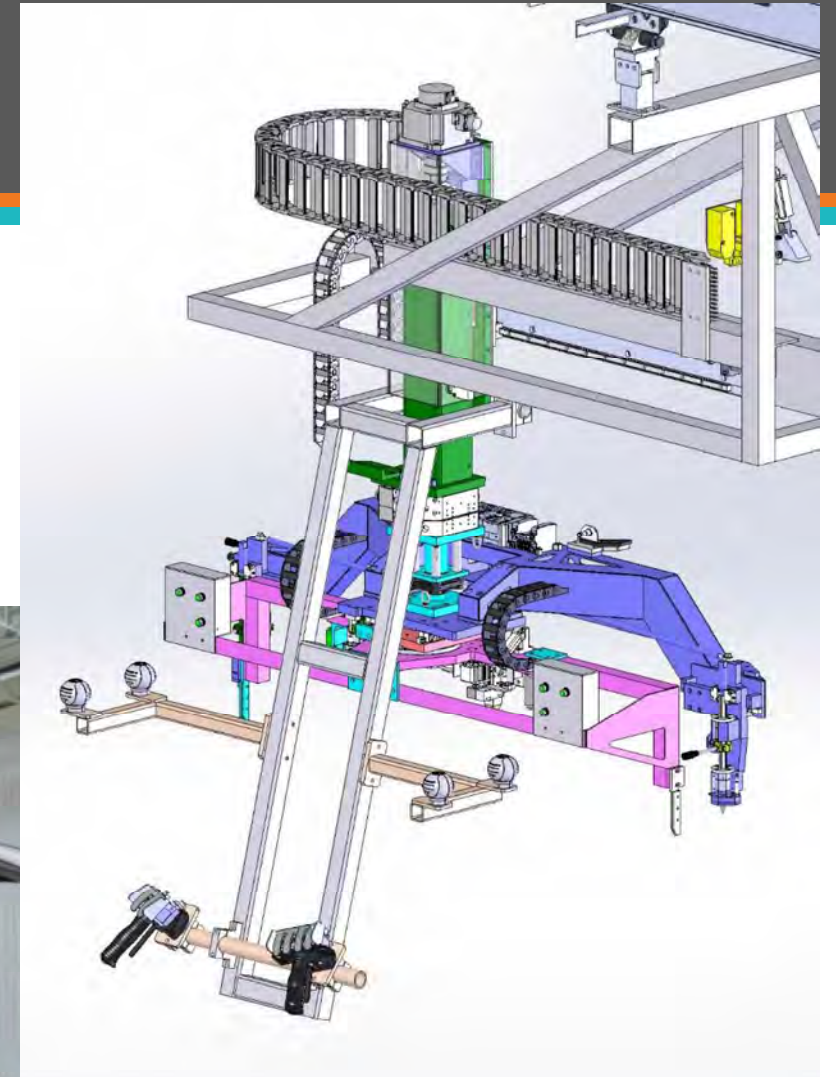

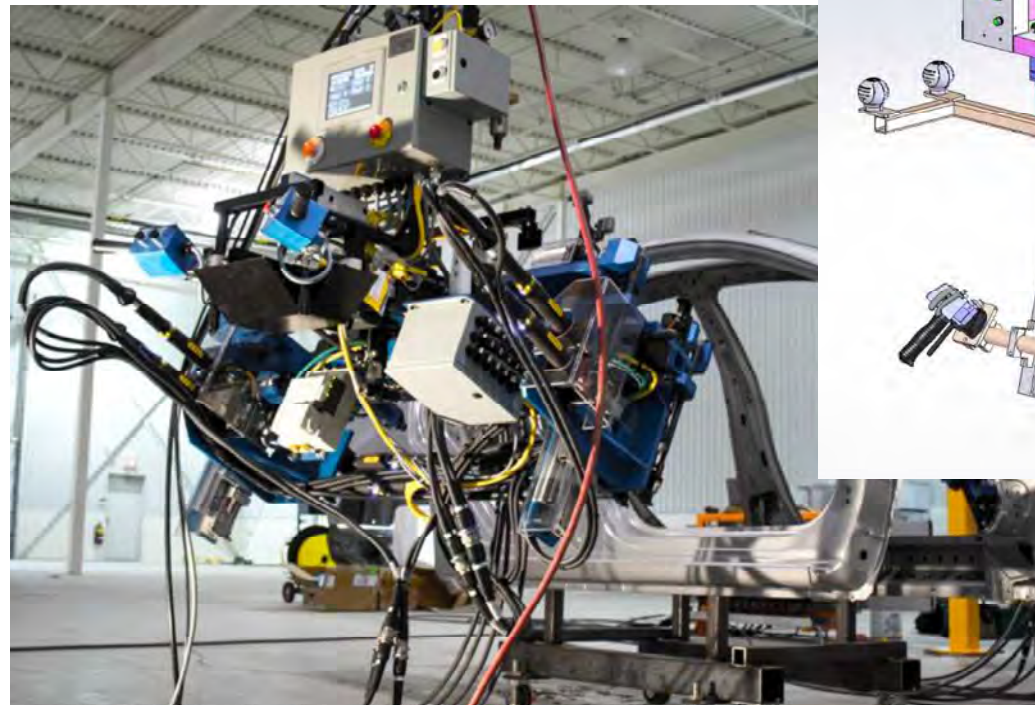

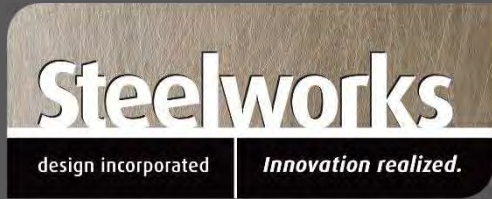

HONDA

Steelworks Hinge Jigs won
Honda's 2004 North American
Technology Award.

Our technology is being
introduced as best practice.

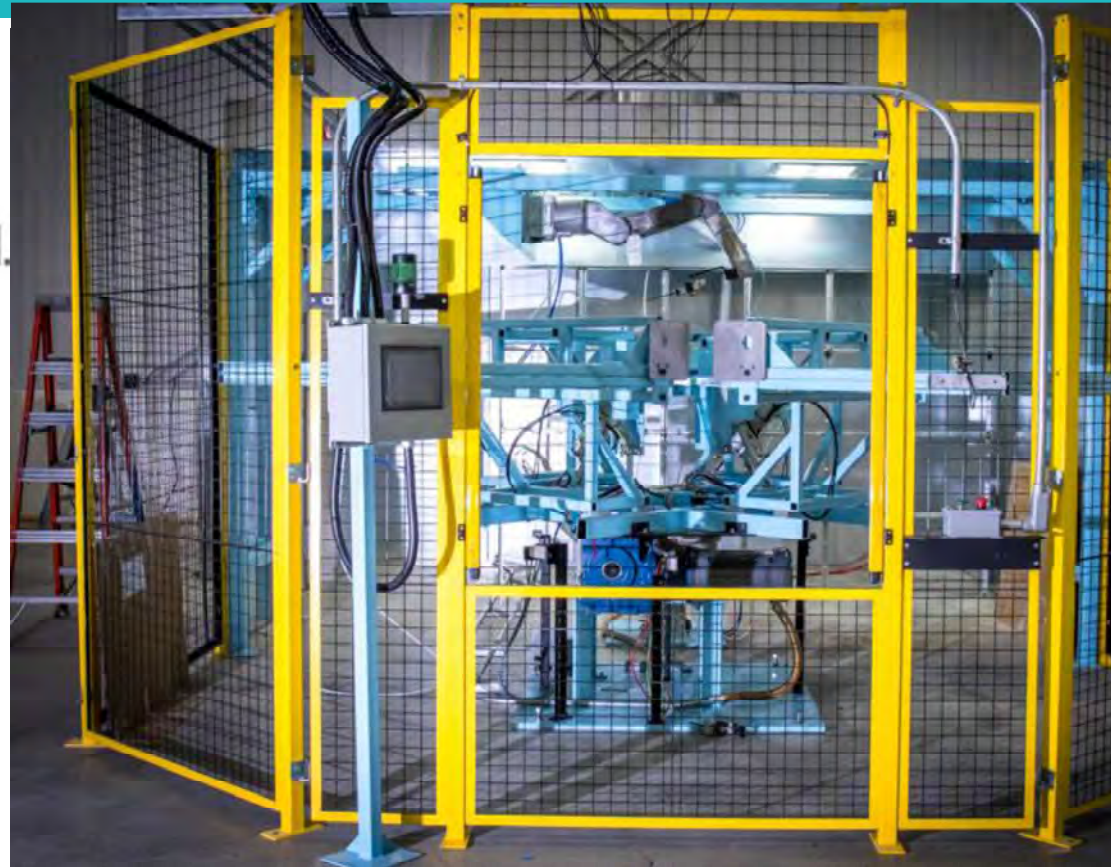

Automotive

TS Tech Trimont MFG is a Tier 1 Supplier of door panels to Honda MFG.

Automotive

A customer Since 2013 TS Tech has become a huge supporter of Steelworks Design; by introducing us to their sister company located in Ohio, Steelworks Design was able to secure two new sales to be completed in the 2016/2017 Fiscal year.

General Electric – One of the most recognizable companies across the globe.

GE has awarded SWD some of the most challenging projects on their roster including indexing for the largest horizontal boring mill in North America, process development to fabricate a new high speed motor; as well as a design of a new pump for O&G to handle air/water entrainment.

Energy

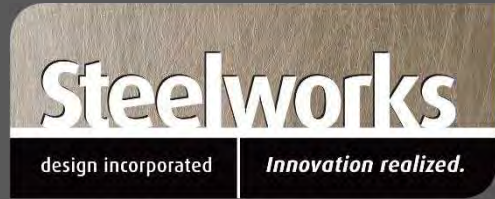

GE has played a large part in Steelworks Design's success.

With confidence in our abilities, GE is acting as a champion of our skills and expertise to other facilities around the globe.

Successfully completing more than 150+ jobs across 5 different GE Branches across North America:

- GE Power Conversion
- GE Hitachi
- GE Research
- GE Oil & Gas
- GE Power & Water
