

Environmental/Health & Safety (EHS) Strategic Focus Group

EHS Group Meeting September 16, 2015

Identified Priorities

1. Sharing Best Practices through an active EHS network
2. Awareness and understanding of both existing and new legislation
3. Sharing resources and leveraging existing EHS focused groups

Identified Action Items:

1. January 2016 – Host a roundtable networking event for shop floor employees and health & safety leads.
 - Agenda to include:
 - Confidentiality Agreements
 - Speaker to provide an industry specific update on new and current legislation members should be aware of for 2016
 - Round table discussion
2. Establishing an active EHS Linked In networking group.
3. Connect with local EHS groups to identify partnership opportunities to deliver timely EHS workshops and events.

EHS Group Lead – Dan Ross, Sabic Innovative Plastics
