

High Performance Manufacturing (HPM) Strategic Focus Group

HMP Group Meeting September 16, 2015

Identified Priorities

1. Establishing an active HPM network (Managers and Shop floor personnel)
2. Sharing Continuous Improvement Best Practices
3. Establishing interactive and productive Plant tours
4. Development of a HPM Tool Kit

Identified Action Items:

1. November 18th Lean – Informal Networking Event for Managers and shop floor employees.
 - Agenda to include:
 - Speaker to provide high level overview of Lean
 - Networking and discussions on common goals
 - Confidentiality Agreements
2. Establishing an active HPM Linked In networking group.
3. Development of a framework for HMP Group Plant tour/site visit to collectively resolve an identified on-site issue and share best practices

Framework to include:

- Participant Confidentiality agreements.
- Templates and pre-tour check list for Host company, for example *business snap shot , successes, competitive position, one on-site issue for HMP group to consider and problem solve.*

HPM Group Lead – Jeremy Busch, Chem-Ecol
