LOYALIST  COLLEGE

## Loyalist College Applied Learning Opportunities

Do you have a challenge, new product, or require an evaluation of your current process? We are here to help. Loyalist is committed to providing opportunities for faculty, staff and students to engage with community partners and assist in providing solutions to help enhance your business. For more details, [click here](#). You will also

have the opportunity to learn more at the Industry On-Campus event on March 22.

## Loyalist College Co-operative Education Opportunities

Are you seeking skilled staff to enhance your team? Loyalist College is now exploring and implementing a co-operative education component within the [Manufacturing Engineering Technician program](#). Learners will have developed a diverse and appealing skill set with eagerness to put those skills to work. If you are interested in providing a paid placement for skilled individuals, please contact Ann Drennan, Dean of Applied Sciences, Skills and Technologies at [ADrennan@Loyalistc.on.ca](mailto:ADrennan@Loyalistc.on.ca)

---

## The W. Garfield Weston Foundation Fellowship Program at Loyalist College

The W. Garfield Weston Fellowship program has been implemented to increase awareness and interest in skills and technology careers. In 2016, it will provide 50 students with

funding, up to approximately \$5,400 and extra-curricular opportunities to enhance leadership skills. The W. Garfield Weston Foundation and Loyalist College have implemented an awareness campaign providing significant skills awareness through digital video in various venues including Cineplex, Tim Hortons and ONroute locations. We are committed to ensuring your demands for tomorrow's skilled workforce are addressed. To learn more about the program visit [loyalistskills.com](http://loyalistskills.com).

Programs eligible to apply for The W. Garfield Weston Foundation Fellowship are listed below:

- [Automotive Service Technician Apprenticeship](#)
- [Electrical Techniques/Technician - Automation](#)
- [Manufacturing Engineering Technician](#)
- [Mechanical Techniques](#)
- [Motive Power Fundamentals - Parts and Counter Personnel](#)
- [Motive Power Technician - Service and Management](#)
- [Welding Techniques](#)
