**HOW TO ENGAGE THE MILLENNIALS AT WORK: Understanding Where They Are Coming From and What It Means For Management**

By 2025, a majority of working-aged Canadians will be from the Millennial generation (those born between 1980 and 2000). As Millennials become a larger part of the workforce, their values, approach to work, and experiences are disrupting workplace in all sectors of the economy causing inter-generational conflict that lowers productivity and weakens organizational culture.
