
Careers In Manufacturing
Wednesday, March 30, 2022
Virtual via worldeventcentre.com

The careers in manufacturing event is a joint effort between the Northumberland Manufacturers' Association (NMA), and the Kawartha Manufacturers' Association (KMA) to market and promote the many different careers opportunities within our industry. We hope to attract individuals to jobs within our sector by showing them an inside look into our facilities, the chance to meet industry one on one, and the chance to gain real knowledge of what its like working with our amazing teams!

We invite you to participate in the event to showcase your company, share your experiences and attract future employees. As a participant you will have exposure to approximately 200 guests. Guests such as those in second careers, women, youth and those living outside our County/City borders.

The event will open at 10:00 am and close at 1:30pm. The structure of the event is open house style – with a live streamed demonstration at Noon.

By participating in the event, you also gain access to the new Careers In Manufacturing Website - www.careersmfg.ca where you can upload your current and future job postings (they will be promoted at the event), and receive secure access to event guests uploaded resumes.

Registration is a on a first come, first served basis. To reserve your Booth, complete and submit the enclosed Vendor Agreement asap.

Event Contact: Melissa Scripture, Administrator
P: 289-677-4988 Email admin@thenma.ca
